## Astoria Celebrates Calgary International Film Festival with New York Contest!

SEPTEMBER 2008

Movies, glitz, and glamour are centre stage as the 2008 Calgary International Film Festival comes to town September 19-28 with Astoria on Tenth playing a leading role as Major Sponsor of the Festival.

As Calgary's New York-style Tower Residences next to the buzzing Entertainment District, Astoria celebrates movies and New York by offering a chance to Win a Trip for Two to New York for the 2009 Tribeca Film Festival and three nights at the world famous Waldorf Astoria Hotel.

Alberta residents can enter in person at the Astoria Presentation Centre every day of the Festival, or by watching Breakfast Television on CityTV and entering online at [www.citytv.com](http://www.citytv.com).

Astoria will also be a special presenter of the 1961 New York iconic film "Breakfast at Tiffany's," the film that made Audrey Hepburn a star, at The Globe Theatre, Monday September 22 at 6:30pm.

It is the only print available in North America, and seeing it on the big screen is a special treat. Tickets available at [www.calgaryfilm.com](http://www.calgaryfilm.com).

"Supporting the arts and movies is a perfect fit for Astoria," says Arcus President Gerry Mendyk. "It's Festivals like these that make people want to live downtown. The cinemas are walking distance and all the parties are planned in nearby venues."

With its luxurious, private Art Deco cinema in-house, Astoria on Tenth will cater to true movie loving residents full time – just one of the many upscale perks and lifestyle amenities the tower offers.

The Festival is in its ninth year and has quickly become the number two film festival in Canada, after Toronto. The Tribeca Film Festival, founded by Robert DeNiro, attracts films and stars from around the world to its trendy New York neighbourhood.
